## Dear fellow fighters for children's rights

We are more than happy to welcome you to the World Anti-Bullying Forum 2021. We can finally meet again for an open dialogue and sharing of knowledge on how to allow every child and young person the right to grow up without bullying.

The World Anti-Bullying Forum is a setting for a multidisciplinary and cross-level dialogue aimed at improving our understanding of bullying in all settings where children spend time and the efforts to stop and prevent it.

If research-based knowledge is shared among those who work with and for children, and those who influence children's living conditions, we have a better chance of effective bullying prevention. Therefore, the World Anti-Bullying Forum is a place for dialogue among researchers, practitioners, stakeholders and policymakers. Together we are the change!

Welcome to an inspiring three-day, bridge-building and knowledge-increasing World Anti-Bullying Forum!

**Frida Warg, Managing director WABF**

**Magnus Loftsson, Chair of the Scientific Committee WABF**

## FAQ

Let us guide you through the basics

### Can I pay cash or with credit card?

Most stores handle cash but it is more common to pay by credit card today. Major credit cards are accepted in hotels, restaurants and shops. It is advisable to carry an identity card or other form of photo identification. The official currency is Swedish Krona (SEK).

If you still need cash there are many ATM machines available in central Stockholm. For money exchange, the companies "Forex" and "X-change" have offices at the airports and in the city. For opening hours and other information about exchange services please visit Forex website. There are many ATM machines available in central Stockholm.

### Where do I find the "Venue"?

The venue is at Stockholm Waterfront Congress Centre. It is located nearby the Central Station which makes it easy to travel around the city by bus, train or metro. From the station you can easily hop on the Arlanda Express, which takes you to Stockholm Arlanda Airport.

### Can I drink the tap water?

The drinking water quality in Stockholm is of high and consistent quality, which means that you can drink it directly from the tap.

### What electricity power is used in Sweden?

Electrical current in Sweden is 220 V/50 Hz. Round, European-style two-pin plugs are used. Appliances designed to operate on 110/120 Volts need a voltage converter and a plug adapter.
